- ◆ The status of legislative and regulatory activities of state agencies.
- ◆ Traffic safety activities of state agencies and of our association.
- ◆ Activities of the federal government in areas of interest and concern to traffic safety professionals.
- ◆ Availability of enrichment materials for teacher and/or student use.
- ◆ The Association's annual conference and regional workshops.
- ◆ The Association's Executive Board meetings.
- ◆ Employment opportunities advertised by public and private driver training schools.

Further, your continued membership beyond this first complimentary year will allow the Association to strengthen its collective influence and resources to better achieve the professional stature of driver and traffic safety education. Please stay with us, as your membership truly helps make us stronger.
